

### **Red Sea Rising Does It Again...**

RadicalRed, 2018

Red Sea Rising and Renegade Revolution, in conjunction with the Turn The Paige Foundation, are helping promote organ donor registry in Texas in a big way! A benefit celebrity golf tournament will be held on April 18, 2011 at the Bentwood Country Club in San Angelo, TX. Prominent Texas Country musicians will be playing to help encourage organ donor signups during the National Organ Donor month of April!

Red Sea Rising is allowing us to use their website to promote this cause (one of many that they assist with) and we hope to see a LOT of Texans show up to play a round of golf with some of Texas Country's best and brightest musicians. And hey, we don't want your money...we want something that only YOU can give...your organs! Give the gift of life to others, register as an organ donor. We want to hook you up and make it easy for you so I am providing a link below for you to be able to utilize 60 seconds that could possibly give YEARS to someone else.

Our thanks go out to Red Sea Rising, RSR Trip Radio, Renegade Revolution and Three Worlds Away Records for giving us a voice to encourage this very important cause!

Head to [donatelife.net](http://donatelife.net) for all American access to sign up as a donor!
