

foundation work .

Slinger, 2018

Foundation work is who WE are today. Team Slinger feels a strong sense of responsibility to help make our world a better place! The things we do below are to ALLOW us the privilege of giving back to our world through our advocacy of many charitable organizations in the United States and throughout the world. This company has been set up BY musicians for musicians and film artists. We are founded on the premise that we have been blessed and have a moral responsibility to give back to our world. Our goal is to alleviate pain and suffering & encourage organ donation, aid with disaster relief and be our brother s keeper. Our mission is to save the world and we would like you to be a part of our mission. Our primary endeavor is to draw musicians and film artists to our site so that they can participate in their own success, but our secondary motive is to encourage these same artists to give back to their worlds through advocacy of charitable causes. We have an army of artists from all aspects of the entertainment field working to promote their vision to help change the world .Our network speaks for itself, they are the finest the entertainment Industry has to offer.

How Will You Make A Difference ?
